

Tillbridge Solar | Stakeholder Pack | May 2023

Introduction

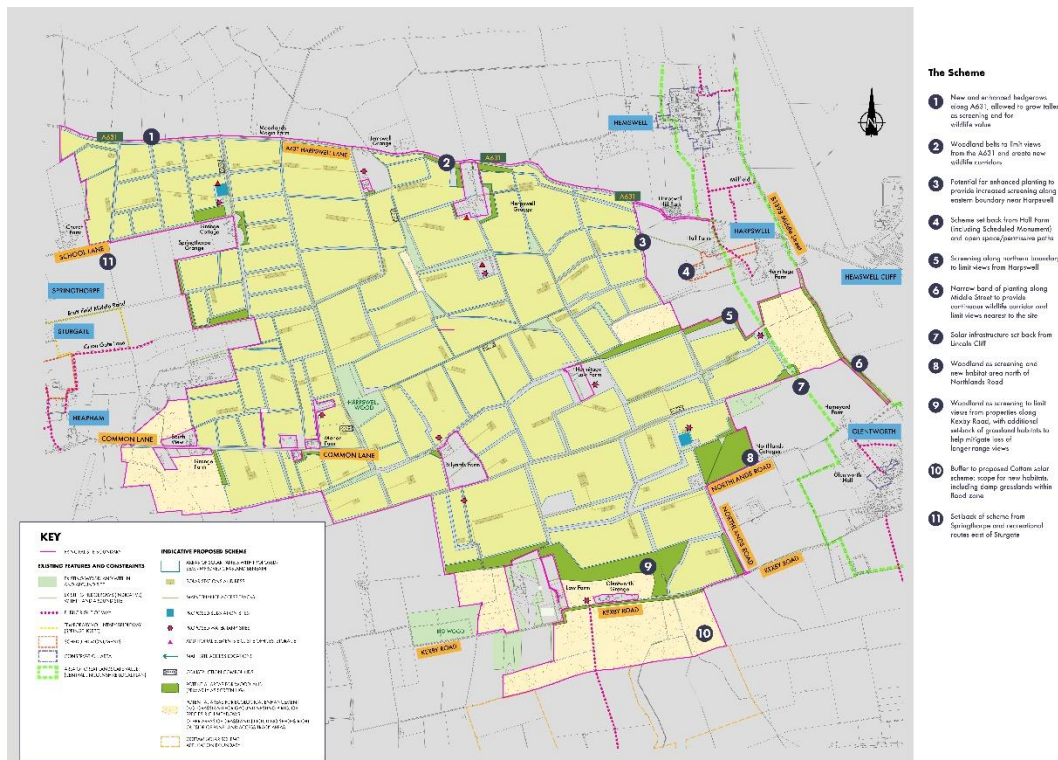

This stakeholder pack is designed to be a resource for you to help share information about the Tillbridge Solar consultation process.

Below you will find blocks of text that can be cut and pasted into newsletters, and wider publicity materials. Copy for sharing on social media platforms, such as Facebook, Twitter and LinkedIn, are also included. This will help raise awareness of what is happening, why, and how you and others can get involved.

Sharing information about the Scheme will help to ensure that those people affected and/or interested in the project have the opportunity to learn more, and the timescales to share their views on the proposals.

A map of the proposed solar farm area (screenshotted below) is available to download from the Scheme website from **Tuesday 30 May 2023: tillbridgesolar.com/documents-library**

Please get in touch if you require any additional documents to share.

- The Scheme**
- 1 New and improved hedgerows, using A&L, allowed to grow taller to screening and for wildlife value
 - 2 Woodland belts to limit views from the A631 and create new wildlife corridors
 - 3 Potential for enhanced planting to provide increased screening along eastern boundary near Fitzwill
 - 4 Scheme set back from Hill Farm (including Scheduled Monument) and open spaces/parkways paths
 - 5 Screening along northern boundary to limit views from Fitzwill
 - 6 Narrow board of planting along A631A632 to provide continuous wildlife corridor and limit views across to the site
 - 7 Solar infrastructure set back from Lincoln Cliff
 - 8 Woodland as screening and new habitat area north of Northlands Road
 - 9 Woodland as screening to limit views from properties along Kexy Road, with additional section of grassland habitats to help mitigate loss of longer range views
 - 10 Buffer to proposed Custom solar scheme (scope for new habitats, including some grasslands within Road zone
 - 11 Setback of scheme from Springfield and new residential routes west of Sturge

Text block

Please mention Tillbridge Solar's statutory consultation in your newsletter, e-bulletin, parish magazine, blog and/or website. Here is some suggested text:

**Tillbridge Solar Statutory
Consultation: 30 May to
11 July 2023**

Tillbridge Solar Limited is developing proposals for a new solar and energy storage project which would involve the installation of solar photovoltaic (PV) generating panels and on-site energy storage facilities.

The proposed Scheme is located approximately five kilometres to the east of Gainsborough and approximately thirteen kilometres to the north of Lincoln. The electricity generated from the Scheme would then connect to National Grid's Cottam substation in Nottinghamshire.

Between 30 May and 11 July, you can have your say on our proposals. Your feedback will be important in helping to share our final application, which we are aiming to submit towards the end of 2023.

Let us know your thoughts by completing our feedback questionnaire, which you can find by scanning the QR code below, or at <https://tillbridgesolar.com/consultation>

The deadline for feedback is **23:59 on 11th July**.

Email: info@tillbridgesolar.com

Freephone: 0800 046 9643

Events schedule Consultation Poster

30 May to 11 July 2023 Statutory Consultation

Tillbridge Solar is holding a statutory consultation on its proposals for a new solar and energy storage scheme located on land to the east and south east of Gainsborough and to the north of Lincoln. We are holding a series of face-to-face consultation events and two webinar sessions. These offer the opportunity to view and discuss our more detailed plans for Tillbridge Solar with members of the project team, and provide your feedback.

The events and webinars are being held as follows:

Online webinar (please register via the website or get in touch)	Wednesday 7 June 6:30pm to 8pm
Glentworth Village Hall Stoney Lane, Glentworth, Lincolnshire, DN21 5DF	Wednesday 14 June 2:30pm to 7pm
Willingham Village Hall High St, Willingham by Stow, Gainsborough, DN21 5JZ	Saturday 17 June 10am to 2pm
Sturton by Stow Village Hall High St, Sturton by Stow, Lincoln, LN1 2AE	Thursday 22 June 1:30pm to 5:30pm
Corringham Village Hall 10 Middle St, Corringham, Gainsborough, DN21 5QR	Friday 30 June 12pm to 4pm
Rampton Village Hall Manor Grounds, Rampton, Retford, Nottinghamshire, DN22 0JU	Saturday 1 July 10am to 2pm
Hemswell and Harpswell Village Hall Maypole Street, Hemswell, Lincolnshire, DN21 5UL	Thursday 6 July 2:30pm to 6:30pm
Online webinar (please register via the website or get in touch)	Monday 10 July 6:30pm to 8pm

Social media posts

We would encourage sharing regular updates on your social media platforms to maximise engagement and keep stakeholders informed throughout the consultation process.

To make this easier, we have drafted a few posts to get you started. This is suitable for Twitter, LinkedIn and Facebook.

Tillbridge Solar would provide equivalent energy needs for around 300,000 households with low-cost energy, generated in the UK at a time of great uncertainty within the energy market. To find out more and have your say, click [here](#).

Tillbridge Solar is committed to listening to the voices of the local community. To find out more about the Scheme and have your say on our proposals click [here](#).

From 30 May to 11 July 2023, Tillbridge Solar is consulting on updated proposals for the Scheme, when you will have an opportunity to provide official feedback. To find out more about the project and have your say click [here](#).

Through listening to your views, Tillbridge Solar want to create a Scheme that contributes to achieving net zero carbon emissions in the UK. Click [here](#). to have your say on our proposals.

Tillbridge Solar made a number of changes to the proposed Scheme after holding collaboration workshops in July 2022. Now it's your turn to have a say on the proposals - click [here](#) to learn more.

Tillbridge Solar are proposing a new solar farm connecting to the National Grid at Cottam substation in Nottinghamshire. The consultation process is now LIVE and we want to hear your views. Click [here](#) to learn more.

Tillbridge Solar is holding its statutory consultation between 30 May and 11 July 2023. You can view their updated plans on their website, including an 'Interactive Map', [here](#).
